Upcoming Events

31 March  Census Date

30 April  Final exam papers for semester 1 due to School

7 May  Special and Supplementary exam papers for semester 1 due to School

19 May  Sydney Alumni Reception
  When: 6pm
  Where: The Powerhouse Museum
  Features: The exhibition, Back to the Eighties will be open for viewing
  Cost: $25.00

20 May  Canberra Alumni Reception
  When: 6pm
  Where: The National Gallery of Australia
  Features: The Galleries of the permanent collection will be open for viewing
  Cost: $25.00

24-28 May  Diversity Week
  [Link to Diversity Week](http://www.uq.edu.au/diversity-week/)

Inductions

The Finance/HR team are available to complete new staff inductions from 8:30am-9:30am Monday-Friday. Outside of these times inductions are by appointment only.

Mansergh Shaw Building Project

The Mansergh Shaw Building project is officially due to be completed in mid December. We are taking bets on the date of actual completion. Entries are $1 and available through the School Office. In the event of a tie, the first entry in wins.

Disclosure to Law Enforcement Agencies

The University regularly receives requests from State and Commonwealth law enforcement agencies for student and staff information to assist with current investigations. Under the Information Privacy Act 2009 (Qld), the University can only release personal information to outside bodies in prescribed circumstances. In addition, where information is released to a law enforcement agency for investigation purposes, the University must record that release in a register. Staff are requested to refer all enquiries from law enforcement agencies to Mr Ian Fraser, Right to Information and Privacy Coordinator on 3365 2571 or i.fraser@uq.edu.au.

Assignments

Collection

The Faculty assignment collection window, level 2, Hawken Engineering Bldg will be open from 11am – 1pm, Monday to Friday. To assist with better service to students, please ensure that tutors and markers sort the assignments in alpha order. All assignments collected for marking and returned back must be signed into the white folder in the assignment processing room. All tutors should include their mobile. Phone numbers are not given to enrolled students.

Coversheets

All courses for this semester that require assessment to be submitted through the Faculty of EAIT Assessment Submission Chute need a coversheet. Students can create a coversheet here: [Link to Coversheets](http://www.eng.uq.edu.au/coversheets/)
Clickers for classroom

There are plans for the centralisation of the Class response (clickers) systems across the university.

Dr Davis of the School of Mathematics and Physics has invited all interested academics to sit in on one of his PHYS1001 lectures where this system is used. Lectures are in 7-222 Mon 11am, Tue 10am and Fri 11am. Dr David would appreciate any feedback on the lecture and suggests that you see him before the class commences so he can loan you a clicker.

Engineering Leadership Conference

In the Year of Engineering Leadership, the Centre of Engineering Leadership and Management (CELM) and Young Engineers Australia (YEA) have joined together to present the Engineering Leadership Conference. It will be held at the Brisbane Convention and Exhibition Centre from 5-7 May 2010. More details here: http://www.engineeringleadership.org/

U21 Conference

Each year Universitas 21 (U21) hosts two main student events that UQ actively supports including the U21 Undergraduate Research Conference. The 2010 Undergraduate Research Conference is being held at the University of Melbourne from 1 – 7 July at the Parkville Campus in Melbourne. Details about the conference can be found at http://www.urc2010.unimelb.edu.au/ All nominees must be either outstanding current honours students, or recent graduates who attained Honours Class I, and who were enrolled in honours in Semester 2, 2009. Students in the School with a GPA of 6.2 or higher have been emailed about this opportunity, and we also encourage staff to send any nominations to the School Manager, Mrs Kim Lamb, on or before 16 April (k.lamb@uq.edu.au) (include the Student Name & 8 digit student number)

Employment Opportunities

Exam Scribes (Casual Positions)
Examinations Section is currently seeking suitable applicants across the Uni for casual positions as Exam Scribes. They are specifically looking for applicants such as RHD and PhD students who are able to act as scribes for students with special needs, particularly with specialist knowledge in the fields of medicine, mathematics, economics and business. Instruction is given on the duties entailed. Please email examinations@uq.edu.au or phone Ext 52488 for more information.

Research Engineer – Medical Devices (HEW Level 5/6) AIBN
This position will support device engineering of the micro-nanoprojection array projects. Duties include medical device design, testing, validation and data processing and analysis of relevant laboratory results. Applicants should possess a Bachelor degree in a relevant area preferably in Engineering or an equivalent combination of relevant experience and/or education/training. Experience in a research setting is essential. Experience with medical devices and an interest in biomaterials is desirable. Further details are available on line: http://www.seek.com.au/job/research-engineer-medical-devices/brisbane/16922256/60/1/

2011 ARC Linkage Projects Round 1

Availability of Application Form and Instructions to Applicants
The application form for Linkage Projects Round 1, 2011 is available through the ARC’s online RMS application system. The Instructions to Applicants and Frequently Asked Questions can be accessed at: http://www.arc.gov.au/ncgp/lp/lp_instructions.htm.

The UQ internal deadline for full Linkage Projects applications is Thursday 22 April 2010. Information on the UQ internal application process, including useful templates and pro formas, is currently being uploaded to the R&ID website: http://www.uq.edu.au/research/rid/grants-arc-linkage. We ask applicants to bookmark this site for convenience and note that most new templates and supporting information will be available this morning.

Textbooks for Semester 2
The Co-op Bookshop at St Lucia is now taking text-list submissions for courses held in Semester 2, 2010. Using the instructions below, you will ensure that notification is made to the on-campus Co-op Bookshop, Building 4, Staff House Road, UQ St Lucia. Please either contact the Text-buyer, Meegan Smith, at msmith@coop-bookshop.com.au, or go to www.coop-bookshop.com.au following the prompts.
Library news

Recent titles at the library for Materials, Mechanical and Mining Engineering:

- **Aerodynamic design optimization using computational fluid dynamics** by David Howard Huddleston.
- **Engineering drawing & design** by David A. Madsen, David P. Madsen, J. Lee Turpin.
- **Engineering drawing & design** [electronic resource] by David A. Madsen, David P. Madsen, J. Lee Turpin.
- **Equal channel angular extrusion and its application to superconductors** by Anumalasetty Venkata Nagasekhar.
- **Handbook of thiophene-based materials** by Igor F. Perepichka, Dmitrii F. Perepichka.
- **ILUA or the right to negotiate process?** by National Native Title Tribunal.
- **Introduction to machine learning** by Ethem Alpaydin.
- **Mining, society, and a sustainable world** by Jeremy P. Richards, editor.
- **Multiscale modeling in solid mechanics** by Ugo Galvanetto, M.H. Ferri Aliabadi.
- **Progress in environmental science and technology** (Vol. 1), Proceedings of the International Symposium on Environmental Science and Technology, Beijing, China, November 13-16, 2007 by editors, Wang Yajun ... [et al.].
- **Project management** by Jack R. Meredith, Samuel J. Mantel.
- **Safe design for engineering students** by Australian Safety and Compensation Council.
- **Structural integrity and fracture** proceedings of the International Conference, SIF2004, Brisbane, Australia, 26-29 September 2004 by A. Atrens ... [et al.].
- **Technology in Australia 1788-1988** a condensed history of Australian technological innovation and adaptation during the first two hundred years by Fellows of the Australian Academy of Technological Sciences and Engineering.
- **Water in Mining 2009** 15-17 September 2009 Perth, Western Australia.
- **Wheel-rail interface handbook** edited by R. Lewis and U. Olofsson.

*If you wish for any particular books to be purchased by the library or for any other teaching or research support contact your liaison librarian Cristina Ghiculescu c.ghiculescu@library.uq.edu.au.*

**Summon – UQ content from a single Search box**

Launched on 22 March 2010, **Summon** provides single search access to library content, including access at article level. It is the new default search tab on the Library homepage. Find out [more about Summon](#) and check some [Summon search tips](#) here. You can still choose the Catalogue tab to access keyword search or to search for specific books, journals or databases.
